PLAY TIC-TAC-TOE ON TWO CARDS AT THE SAME TIME

To play:

1. Each player chooses a castle card (purple or aqua). Your Tic Tac Toe pieces are the same color as your card. \*The purple pieces are Vikings from the castle. The aqua pieces are Vikings.
2. Place all of the Tic Tac Toe pieces in the folder pocket.
3. Players take turns choosing a piece from the pocket. Place the piece on an empty space on either of the castle cards. (You are trying to get as many 3 in a row lines (across, down, or diagonally) as you can with your color pieces. If you pick the other player's color, put their piece on a space that won't help them get 3 in a row.
4. The player with the most "3-in-a-rows" on both cards wins.
